

SAMPLE

Right now there are kids down the street who have rotting teeth.
You can do something about it.

The **VERONA SMILES INITIATIVE** is a collaborative between Verona area dentists, Verona schools, and the Bridging Brighter Smiles Program.

WHAT YOU CAN DO:

- ✓ Do comprehensive and periodic exams in neighborhood schools.
- ✓ Treat local students in your office.
- ✓ Accept emergency referrals from schools in your neighborhood.

Every child deserves a healthy smile!

To learn how the initiative works, get answers to FAQs, and help ensure that any kid in Verona who needs dental care gets it,
